OBJECTIVE

I am a highly skilled, motivated, and detail-oriented Full Stack Developer with expertise in WordPress, PHP, Bootstrap, database management, UI/UX design, SEO and software testing. I am eager to contribute to dynamic and innovative projects by delivering scalable, high-performance solutions. With a strong commitment to quality, I focus on optimizing user experiences and continuously improving my technical skills in fast-paced environments. I am also open to relocation for the right opportunity.

EDUCATION
