OBJECTIVE

As a highly skilled motivated and detail-oriented Full Stack Developer, I am eager to leverage my expertise in WordPress, Laravel, Bootstrap, database management, and software testing to contribute to dynamic and innovative projects. With a strong focus on developing scalable, high-performance solutions, I am committed to delivering high-quality work, optimizing user experiences, and continuously enhancing my technical skills in a fast-paced environment

EDUCATION

2020 - 2022	**Diploma in Software Development** Mangosuthu University of Technology
2015 - 2018	Lockhat High School

EXPERIENCE

Feb 2023 - 2025	**Full Stack Developer** Infinity Growth Digital Marketing Since March 2023, I have been leading a team of developers, training interns, designing & developing, also maintaining web applications. I'm responsible for performance optimizations, as well as ensuring timely and successful project delivery.
Aug 2019 - Feb 2020	Shoprite Dry Goods
